

# Cordless Roller Shade

## What You Will Need

Tape measure • Drill • Small Level • Light weight hammer • Pencil

## Installation Instructions

Always use wall anchors if you are mounting brackets into dry wall.

Using a 13/64 drill bit, drill a hole for the bracket screws.

With a light weight hammer, insert the anchors until flush with the surface.

Install Mounting Brackets & Headrail.

(Mounting brackets should be installed every 18" starting from no more than 2" in from the end of the headrail)

## ⚠️ WARNING / ADVERTENCIA

### Window Blind Cord Can STRANGLE Your Child.

To prevent strangulation, purchase cordless products or products with inaccessible cords.

©2015 Eclipse Blinds, LLC. All Rights Reserved. For Customer Contact: 1-800-451-2345

### La cuerda de la persiana puede ESTRANGULAR a su niño.

Para evitar el estrangulamiento, compre productos sin cuerdas o productos con cuerdas inaccesibles.

#### Outside Mount:

- Mounted to the wall, ceiling or molding surface surrounding the window
- No minimum depth requirement.

#### Measure for inside:

1. Measure the inside width at the top of the window. This is your ordering width. We will make a standard deductions. (approx. 1/8")
2. Measure the height at 3 locations – the left side, middle and right side. Record the largest of the 3 measurements. This is your ordering length.

**Note:** Roller / Solar shade fabrics will be approximately 1 3/8" narrower than your ordering width to allow for brackets. If concerned over resulting light gap please select outside mount.

#### Measure for Outside:

1. Measure the width of the area you wish to cover. If space allows we recommend adding 3–4" (1 1/2" -2" each side) to this measurement to help eliminate light seepage. This is your ordering width and will be the overall measurement outside bracket to outside bracket.
2. Measure the height of the area you wish to cover. This is your ordering length.
